

2009 - The Year of Czech and Slovak Non-Commercial Photography

This event wishes to address a broad audience with the most topical production of Czech and Slovak photographers. Especially those who have been presenting their work mostly through various websites dedicated to photography.

This exhibition is also a fund-raising event. All money from sold artwork and voluntary entry fees will be donated to charity.

Eight separate theme exhibitions will take place during 2009. Each of them will present the best works by 15 - 20 chosen artists. The event is held under the auspices of photographers Robert Vano and Garik Avanesian.

The cycle of exhibitions is organized by Fotopatracka.cz and Prague Congress Centre.
